Teachers and students are contributing educational content from the School. Teachers develop very nice ppt slide for students. 2011 SLC Result – Mathematics pass student rate is 87% Before 2009 the result was 44%

Organization objective has been extended

Not limited only for infrastructure development (Such as

-Wireless Network, tele-center, communication etc)

- Started to develop localized manual for building wireless network.
- Secured 30,000 US\$ for developing localized manual for building Wireless network and management from ISIF
- Received Laureate award from ISOC for the localization of Pregnancy related content over network.
- Development of Localized video conferencing application “OpenMeeting”

Thank You!
